*“It is so essential to surround yourself with individuals who are **ALREADY** where you want to be.”*

“It’s simple really, if you want to be truly free financially, you have to get your money working for you instead of you working for your money. This will then free up your time so that you can really start to live your life.

A very effective way of achieving this is by mastering how to speculate on the FX and Capital Markets and by investing”

David Carmichael’s Apprenticeship/Mentoring Programme has been meticulously designed for individuals who are relentless in their pursuit of success. You will learn everything that you need in order to master Trading and Investing in the speediest and most effective way.

Over a six month timescale you will receive the training, back up support and personal 1 to 1 mentoring needed for you to become a successful Trader and Investor.

## **THIS IS HOW WE BEGIN**

As soon as you sign up we will despatch our resource and work pack to you. This pack consists of over 700 pages of clearly laid out information on all things trading, which you can begin to systematically work through. There's so much information out there on this subject and it can be difficult for anyone to determine what is useful and what isn't. The great thing is that David has personally constructed these resources, and he knows what works and what doesn't.

## **THE NEXT STEP**

1 to 1 Mentoring with David himself (Half Day)

We then book in a half day so that you can spend some 1 to 1 time with David. This is an opportunity for you to learn precisely what you need to do, step by step, from someone with years of experience.

This includes:

- How David sets everything up for optimum comfort
- How David finds the best trades quickly
- How David enters the trades for minimum risk and maximum profit

This is an incredible experience for anyone and will provide you with a massive jump start to get you on the road to success.

## **TRADE ANALYSIS**

You'll have the opportunity to have two of your trades analysed each month for 6 months by David. This will show you what you did correctly, and more importantly, what you did incorrectly. Doing this is an effective way of making sure you improve your trading ability quickly. He'll analyse your trade whether its executed in a live account or in a demo account as the whole objective is that you learn.

## **DAVID'S PERSONAL TRADE WATCH LISTS**

It can take a lot of time and effort to do the research to determine which Markets or Instruments you want to trade. It can also be a very frustrating process to have to wait for your criteria to be met even when you've decided which markets and instruments you would like to trade.

David will provide you with a list of what markets he is watching so that you can save your own time.

## YOUR NEXT STEP

Now you've had your resource/work pack and your 1 to 1 time with David, you're now ready to begin the process of becoming Financially Free.

Now for the next 6 months you'll be entitled to up 2 hours personal Time with David and unlimited Email Access. You'll also be entitled to a free subscription to Discreet Trader Pro, All of David's Books, Weekly Trade analysis by David and entitlement to attend any of David's courses/workshops for 12 months.

## Testimonials

*"I booked David for 3 half days initially, then for half a day per month for a period of 6 months. David is a cross between a business partner, mentor and a no nonsense performer. His sound advice and guidance has given me the knowledge to grow my business with the confidence to explore new opportunities. My business turnover has literally doubled within a 12 month period. I can honestly say that David's advice has been absolutely invaluable to my business"*

*A Bennett*

*"I had already been on a training with David in 2001 in relation to investing in property and over the years I have done exceptionally well. Over the past couple of years my property business had started to stagnate as the property prices kept on increasing and more and more investors were coming into the market. This being the case I was looking for additional streams of income and booked a workshop on trading. To be frank I can't believe that I waited for so long to learn about the Financial Markets. Now that I have I wish I'd done it at the same time I learned about property. David's an exceptional teacher."*

*A Littlewood*

*"I have met no one with the depth of knowledge and the experience that David has."*
